Why Attend?

The CYO/Youth & Young Adult Ministry Office of the Archdiocese of New Orleans is bringing in Rich Curran to train our new parish youth ministry interns with the Emmaus Program. We are happy to open this training to all youth ministry leaders in the archdiocese. This workshop will focus on youth ministry in the modern parish and practical, measurable solutions to evangelize and grow again. We will discuss how to evaluate where you are and seek opportunities to grow with a discipleship-focused youth ministry. All are invited to attend this training **FREE OF CHARGE**. Please be sure to invite your staff and leadership to this special event so you can share conversation and strategies back at your parish. This training will be similar to the session Rich is leading at the US Bishop's Conference in Orlando, July 1-4.
